DETAILED ACTION

The following is an examiner's statement of reasons for allowance:

The prior art did not disclose or suggest a method of enhancing plant growth or yield comprising treating soil with H₂ gas at a concentration at least 50 times greater than the concentration of H₂ in air and for a duration sufficient to increase H₂ uptake of the soil; wherein the treatment of H₂ gas enhances the ability of soil microorganisms to oxidize H₂ and wherein the enhanced ability of the soil microorganisms potentiates enhanced growth or yield of a plant growing in the soil after treatment with H₂ gas.

The phrase "for a duration sufficient to increase H₂ uptake of the soil" is considered to mean at least one week because of Applicant's statement at page 7 lines 13-15 of the Amendment received 30 July 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
